EPA - MINE FILES

EXECUTIVE SUMMARY

Energy Salvage Company, 0.5 miles east of West Frankfort, Illinois 62896, Franklin County, Lat. 37°-53'-30", Long. 088°-52'-30", W. Frankfort-263-B, Mr. Sam Kennedy, President, Rt. 16 West-Box 269, Shelbyville, Illinois 62565 (No telephone number). Person to contact: Ed Bakowski, Illinois Dept. of Mine Pollution (217)785-1622.

This mine site as old Ben #9, which closed February 14, 1968. It was the oldest deep shaft coal mine in Illinois. This site consists of approximately 374 acres of large refuse and slurry areas.

Energy Salvage went under two other names - S.F. Kennedy Industries, Inc. and Energy Klenzing Systems, Inc. Both had the same address in Shelbyville, Illinois. They manufactured GOB coal cleaning units that would reclaim several million tons of GOB coal at a site.

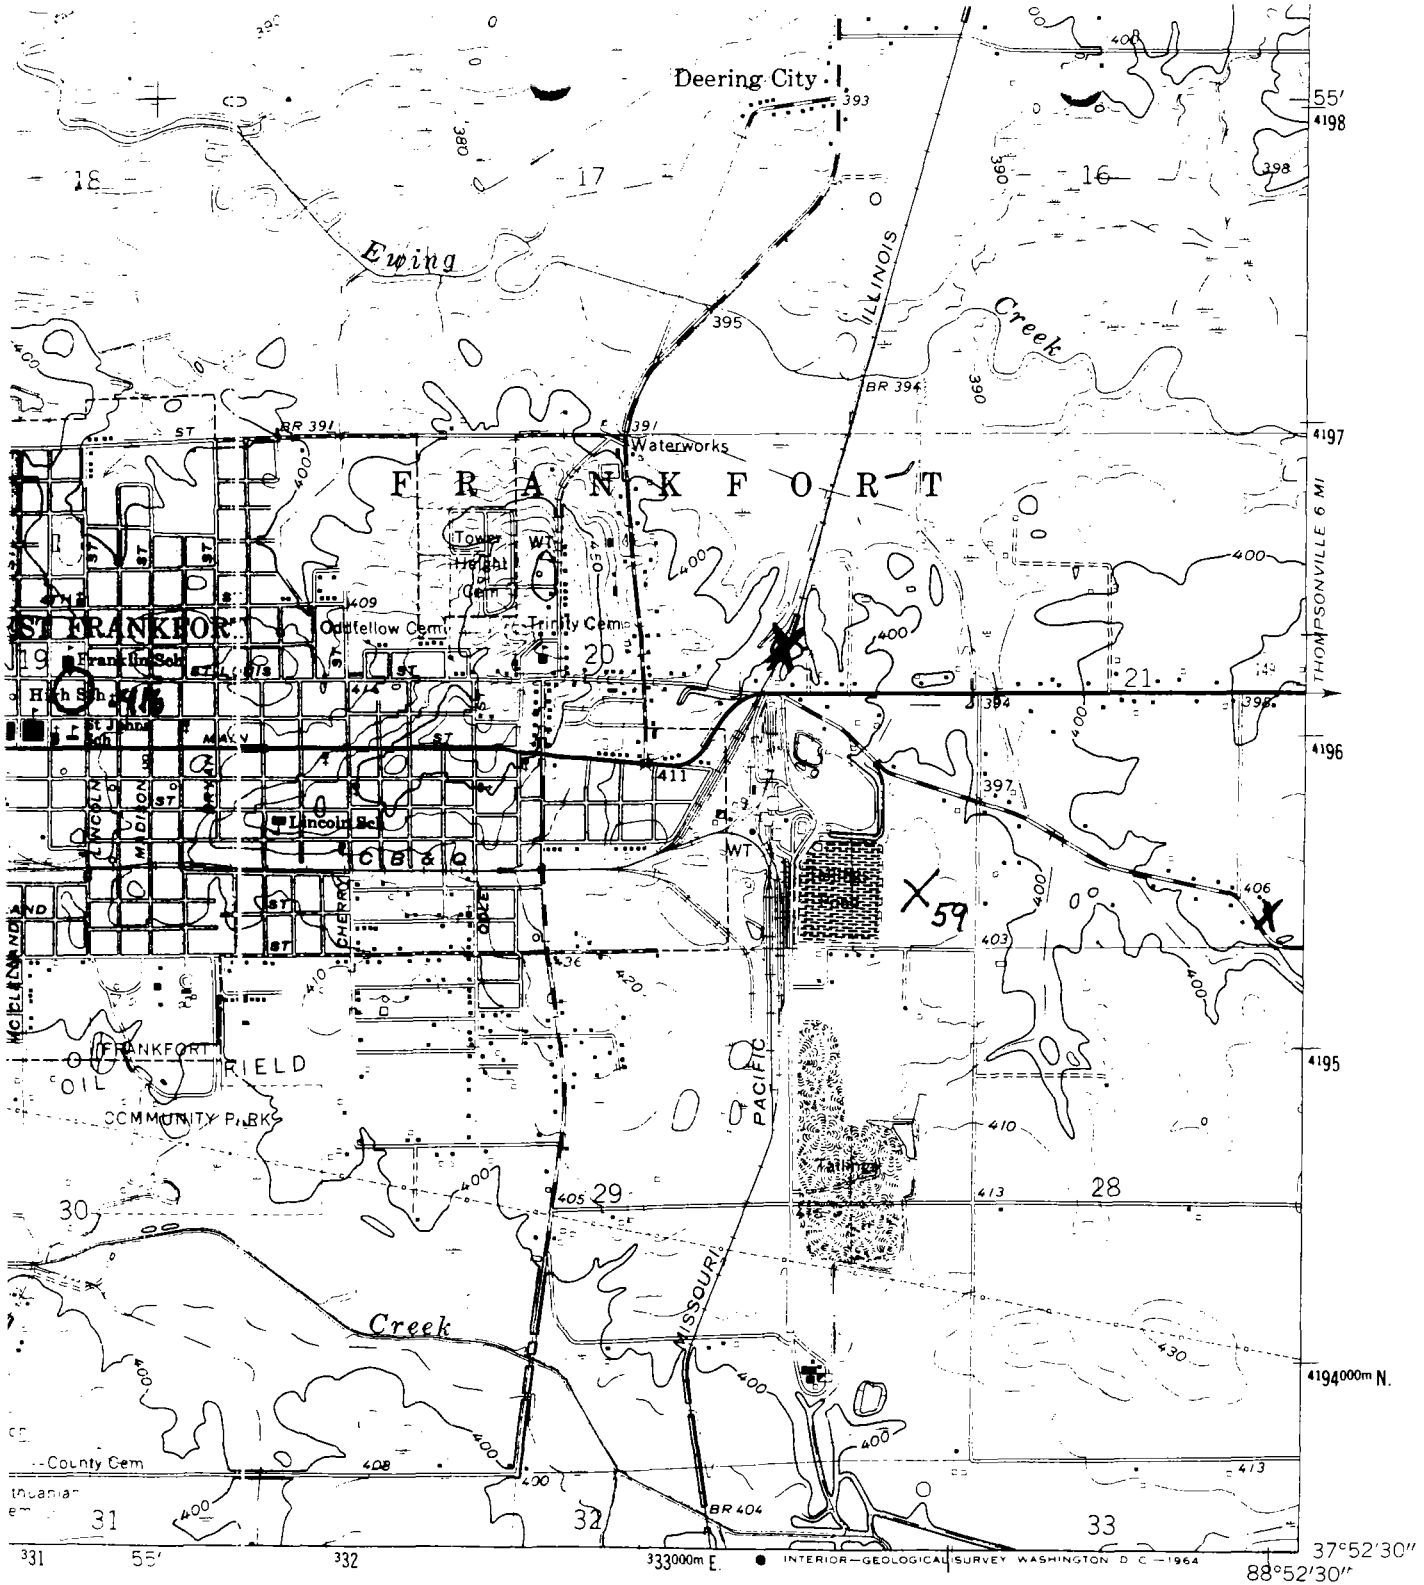

They were to lease the old Ben #9 mine site in 1975, but on December 30, 1975, Illinois Div. of Mine Pollution sent a letter to Mr. Sam Kennedy stating that permits for such an operation were required from this Agency. As of this date, this site was never permitted, and the site remains the same as it was in 1968.

Russell Minerals, 905 West DeYoung Street, Marion, Illinois 62959 has submitted plans to this Agency for a permit to operate a carbon recovery operation at this site.

There is no evidence of hazardous waste disposal at this site.

This Agency recommends a none priority assessment for this mine site.
